PROFILE

Interior Design student with a strong technical and creative foundation in kitchen and bath design, residential interiors, space planning, and design documentation. Experienced in design development, construction documentation, cabinetry and finish selections, presentation graphics, and 2D/3D visualization using Chief Architect, Autodesk AutoCAD, Trimble SketchUp, Chaos Enscape, Adobe Photoshop, Adobe InDesign, and Microsoft Office.

EDUCATION

College of DuPage, Glen Ellyn, IL

Associate of Applied Science (A.A.S.), Interior Design | GPA: 4.0

Kitchen & Bath Design Certificate | GPA: 4.0

Expected Graduation: Fall 2027

Completed Summer 2026

INTERNSHIP

Interior Design Intern | Normandy Remodeling, Hinsdale, IL

Summer 2026

- Created and revised 2D and 3D residential drawings in Chief Architect, including DWG tracing, floor plans, layouts, models, and renderings.
- Assisted designers with cabinetry, finish and fixture selections, field measurements, jobsite visits, installation documentation, and revisions for client presentations.

KITCHEN & BATH EDUCATIONAL PROJECTS

The Anderson Residence – Kitchen Design

- Developed a complete kitchen design from programming through final documentation, including floor plans, construction/mechanical plans, elevations, schedules, specifications, budgeting, renderings, cabinetry, appliances, finishes, countertops, lighting, hardware, NKBA guidelines, accessibility, storage, and budget requirements.

The McClusky Residence – Bathroom Design

- Designed an accessible aging-in-place bathroom with construction plans, floor/mechanical plans, elevations, schedules, specifications, realistic renderings, fixture and material selections, code research, safety requirements, durable pet-friendly surfaces, and historical references.

Layla & Friends – Residential & Pet Care Facility

- Developed an integrated residence and pet care facility with programming, zoning, space planning, circulation, kitchen and bath documentation, custom details, presentation boards, NKBA guidelines, universal design, ADA/accessibility concepts, sustainability, material/finish selections, and advanced visualization.

SKILLS

Design: Space Planning | Layout Development | Construction Documentation | Finish Selection | Material Selection | 3D Modeling | Rendering | Presentation Graphics |

Software: Chief Architect | Autodesk AutoCAD | Trimble SketchUp | Chaos Enscape | Adobe Photoshop | Adobe InDesign | Microsoft Office

Professional: Project Coordination | Research & Documentation | Team Collaboration | Problem Solving | Communication | Time Management | Attention to Detail

PROFESSIONAL EXPERIENCE

Sales Coordinator | TJ Maxx/HomeGoods, Downers Grove, IL

2021–2023

- Organized daily retail floor operations and led 5+ associates in visual merchandising, spatial organization, seasonal displays, product visibility, and customer flow in a high-volume environment; strategic displays contributed to approximately a 15% department sales increase.

Editorial Coordinator | Balkan City Magazine, Niles, IL

2018–2020

- Coordinated 10+ writers, contributors, and advertisers; edited 15–20 articles per issue; wrote content, conducted interviews, collaborated on page layouts and visual structure, and managed submissions, deadlines, and production coordination.
