## SUMMARY

Creative and detail-oriented Interior Design graduate with a strong foundation in design principles, technical drafting, and visual storytelling. Recognized for academic excellence, leadership, and award-winning design work. Brings a unique perspective shaped by a background in healthcare, science, and human-centered disciplines, strengthening problem-solving, attention to detail, and an understanding of how thoughtfully designed environments can positively impact the people who use them.

## EXTRACURRICULAR ACHIEVEMENTS

- Received the student **IIDA RED Award** for exemplary design for an office capstone project - May 2026
- COD Academic Excellence Award** for maintaining a 4.0 GPA and producing industry level work - May 2026
- 1<sup>st</sup> place in the **2025 ASID Design Excellence Awards** for the Student Residential Project Competition - September 2025
- Student judge in **FCCLA Design and Decor Event** - February 2025
- Nominated to participate in the **IIDA Student Charrette Competition** at NeoCon in Chicago - June 2025
- Represented the Interior Design Department in a **Student Panel** to speak with 40+ new faculty members - October 2024

## WORK EXPERIENCE

Illinois Bone and Joint Institute (Formerly Hinsdale Orthopedics)

Feb 2022 - July 2026

Radiologic Technologist

- Two-time Star employee award recipient, coordinated high-volume patient exams in fast paced clinic with over 20 physicians, trained and evaluated Radiography students for skill development and professional growth

Beacon Orthopedics (formerly TriHealth Orthopedic and Sports Institute)

March 2020 - December 2021

Radiologic Technologist/Medical Assistant

- Combined radiologic expertise with medical assistant responsibilities to enhance efficiency and patient experience, successfully supported the acquisition transition from TriHealth to Beacon Orthopaedics & Sports Medicine

Advocate Sherman Hospital

June 2010 - November 2019

Radiologic Technologist

- Adapted quickly to high-acuity and fast-paced environments while rotating through Surgery, Fluoroscopy, Pain Management, Emergency, and Outpatient departments, coordinated scheduling of patient examinations, taught Radiography students
