WORK EXPERIENCE

PLANNING & DESIGN

DEC 2018 - PRESENT

SENECA REAL ESTATE GROUP | DARIEN / NORTHFIELD, IL

- Collaborate closely with principals to develop conceptual site plans, space layouts, and interior design solutions for residential and commercial projects.
- Produce detailed floor plans, elevations, reflected ceiling plans, 3D views, and material boards using AutoCAD, SketchUp, and Chief Architect for internal reviews and client presentations.
- Specify materials, finishes, fixtures, and furnishings aligned with client budgets and sustainable design principles.
- Coordinate with clients, consultants, and contractors throughout all phases of the design process from concept to completion.
- Assist in project coordination, design presentations, and preparation of construction documents.
- Support business development efforts through market research and identification of new opportunities.
